

Pulpit Supply preaching is a gift that our at-large or retired clergy, Authorized Preachers, and seminary students bring to churches in need of supply pastors. It is expected that these individuals will be compensated for their service to the local church whenever they are called upon to preach. The **minimum** compensation recommended by the Committee on Ministry is: **One service - \$100; Two services - \$150 ~ Mileage reimbursement at \$.70 (2025 Rate) per mile is, of course, expected in addition to the recommended compensation (these are only minimums, and most congregations should exceed this amount).** Congregations are encouraged to let the pulpit supply candidate know the proposed honorarium when requesting and scheduling the person.

Presbyterian Ministers

**(Able to preach; lead worship; administer sacraments; and moderate meetings;
when moderating meetings an additional \$50 honorarium should be offered and added to the preaching honorarium)**
