Everyone:

Recently, our Addictions Ministry Network has embarked on a project to develop curriculum for use in sermons, Sunday school, adult education, and other areas on the topics related to "Theology and Addiction." Supported by a grant from the Westmoreland Alcohol and Drug Commission, we will be working toward this end.

Consequently, we are soliciting your input and involvement with this project. Please take a few moments to complete the questionnaire from the link below in order that we may make sure that we address real areas of need.

Thank you for your willingness to participate. Blessings.
